

DEMOCRATS' MAKE IT IN AMERICA AGENDA

Make It In America bills that have become law:

- **U.S. Manufacturing Enhancement Act:** makes it cheaper for American companies to obtain the materials they need to manufacture goods.
- **Protecting American Patents:** will help unclog the backlog of 1.2 million patent applications so innovative ideas can move to market more quickly.
- **Preventing outsourcing:** Legislation was fully paid for by preventing the outsourcing of U.S. jobs by closing tax loopholes that allow companies to send U.S. jobs overseas
- **Small Business Jobs Act** expands much needed lending to millions of small businesses and offer tax incentives to help small businesses grow, hire, and fuel our economy, without adding a dime to the deficit

The House has passed additional Make it in America bills:

- **Currency Reform for Fair Trade Act:** levels the trade playing field by holding China accountable for its unfair currency policy
- **All-American Flag Act:** ensures that when the government buys American flags, they are made in America
- **American Manufacturing Efficiency & Retraining Investment Collaboration (AMERICA Works) Act:** strengthens our workforce by helping American workers earn certifications, degrees, and qualifications for the jobs American industry needs to fill
- **Rare Earths and Critical Materials Revitalization** addresses our nation's dependence on foreign-produced rare earth minerals by funding efforts that promote domestic production of these critical high-tech manufacturing materials.
- **Energy Jobs and Training Energy Jobs for Veterans Act** provides grants for programs to provide on-the-job training, apprenticeship, real experience, and long-term employment in all energy fields.
- **Congressional Made in America Promise Act** clarifies that the Buy American Act applies to products purchased by Congress
- **Berry Amendment Extension Act** prohibits the Dept. of Homeland Security from clothing and other items unless they are grown, reprocessed, reused, or produced in the U.S.
- **Rural Energy Savings Program Act** provides low-interest loans to help people make their homes, farms, and businesses more energy efficient, helping people save money on energy bills while creating American manufacturing and installation jobs in the process.

- **The SECTORS Act** forms partnerships between businesses, unions, and educators to train workers for some of the most needed 21st Century jobs.
- **The National Manufacturing Strategy Act** directs the president to work with industry leaders and stakeholders to build a manufacturing-boosting strategy.
- **The Clean Energy Technology Manufacturing and Export Assistance Act** ensures that clean energy technology firms have the information and assistance they need to compete at home and abroad.
- **The Emergency Trade Deficit Commission** bill will lead to the development of additional policies to combat the trade imbalance and promote the export of American goods.
